

# AERIAL JIB 2

## Description:

Personnel platform with 90° + 90° rotation assembled on a telescopic boom (closed: 4,5 m; open: 6,8 m). The boom is equipped with a turntable that allows the platform to turn 340° without moving the machine. The attachments can be connected in two positions: one increases the range of the machine by 10 m in height, whereas the other allows the machine to work below ground level.

## Specifications:

- Maximum load: **200 Kg**
- Maximum number of people: 2.
- Platform dimension: **1,1 m x 0,8 m**
- 340° hydraulic rotation.

## Safety features:

- Boom position sensor
